Shruti Gaddam:

Shruti is the Regional Manager and the lead trainer at Lead Nation, a training and skill development organisation that trains the corporate, government staff, students, teachers, college faculty, parents and administrators of educational institutions in life skills, leadership skills and peak performance. Shruti has worked with more than 5000 students from schools and colleges in different parts of the country. She trains them in essential life skills using scientifically developed agespecific and activity based experiential methodologies that are highly result oriented. Shruti has conducted parenting workshops on "Positive Parenting" for parents of children between the ages of 5 and 15. Shruti is an expert content developer and develops content for education related websites in different parts of the world. Shruti has trained more than 500 teachers (pre-primary to high school teachers at CBSE and state syllabus schools) in 15 schools in Bangalore, Hyderabad and Warangal in a wide spectrum of modules. Her specializations in teachers training are: 1. Creative class control strategies 2. Effective classroom communication 3. Innovative ways of inculcating language awareness and learning among students 4. Evaluating students based on their behavioral and psychological parameters and formulating remedial measures 5. How to drive conceptual learning among students.
