

Dr. Shailaja Tetali
Associate Professor

Dr. Shailaja Tetali has been with the Indian Institute of Public Health-Hyderabad since 2009, and is an Associate Professor. She has a PhD from the London School of Hygiene and Tropical Medicine, where she estimated the Public Health impacts of children's transportation. She is a physician, with a Masters Degree in Safety Promotion and Injury Prevention (Karolinska Institute, Sweden), and a Masters in Public Health (Sree Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum). Her areas of interest include injury prevention, and the myriad effects of transportation on human health. She has worked on issues pertaining to blood transfusion services, especially equitable access to safe blood, Patient Safety and Operations Research in Health. As the country PI of the five year RS 10 project (Road Safety in 10 countries), she led a team of 14 people for monitoring and evaluating key road safety indicators in Telangana and Andhra Pradesh, in collaboration with Johns Hopkins School of Public Health, the WHO, and the Global Road Safety Partnership. She teaches environment and health for the masters students in Public Health, and is working on two projects currently, in addition to conducting short courses, and guiding on various masters' theses.
