Publications:

IRILMM invites academicians, researchers and practitioners to submit papers for the Journal of Public Procurement and Logistics published periodically by IRILMM. The Journal strives to bring together scholars, practitioners and experts from different disciplines to share ideas on diverse issues. It will provide an opportunity for dissemination of contemporary research in a wide range of procurement, supply chain, logistics and public procurement policy issues, both academic and practice oriented. We welcome papers from multiple disciplines and different domains in the intended area.
