I am a Urban Planner by profession and have been working as an HOD, I have been involved in teaching B. Tech (Plan) and M. Tech (Plan) students since past 23 yrs, apart from the regular theory subjects I have take up studios and design projects which are more academic. The department has also undertaken some live projects along with GHMC other Municipalities in the state. The Government of India has identified our University as a mentor Institute for the RURURBAN Mission Program, for preparation of Spatial Plans for the identified clusters across Telengana state.
